

ENPE Annual Conference

International Network for Environmental Compliance and Enforcement

Crete, Greece 23-24 October, 2018

'Hyper-alarming' study reveals dramatic decline of insect population in rainforest

Researchers warn decrease could put food supply is jeopardy from loss of pollinating insects.

Bee Guarino I Litay ago 1.2 comments

Insects around the world are in a crisis, according to a small but growing number of long-term studies showing dramatic declines in invertebrate populations. A new report suggests that the problem is more widespread than scientistic realised. Huge numbers of bugs have been lost in a pristine national forest in Platto Rico. the analy found, and the futurely insect-anting animals have scene missing too ADVERTIGHENT

21st century environmental challenges

Todays problems are more complex and inter-related

Scotland's approach

International Network for Environmental Compliance and Enforcement

INECE

International Network for Environmental **Compliance** and Enforcement

Membership Structure

Individual Members

- Access to special restricted materials
- Access to INECE Discussion Forums
- Ability to suggest new topics for future forums
- Global networking and partnership opportunities, through a listing of other members' full contact information, in the Members-only section of the website
 - Note: disclosure is optional

Institutional Members

- All the benefits of Individual Membership
- Access to INECE Training Programs
- Propose INECE programs, coordinate through INECE, and teach or speak at events on a preferential basis
- Join the INECE Global Council
- Display their logo on INECE's website to highlight their leadership on environmental compliance & enforcement issues

Raise awareness

Facilitate collaborations

Objectives

Partner

Knowledge & innovation center Provide opportunities

Strengthen

member

capacity

Members

2100+ Affiliate Members

Environmental regulators, investigators, prosecutors, judges, scholars, & other professionals

"A Network of Networks"

13 regional environmental networks

Individual, Institutional, & Associate Members

Representing over 150 countries

	Share Knowledge	Training materials
	0	Publications
		Newsletters
		Webinars
	Work	Platform for dialogue
	Multilaterally	Discussion series
		Convene expert working groups
	Benchmark and Innovate	Share best practices
		Gauge progress towards compliance goals

Key Topics

→ Advanced Monitoring →Air → Biodiversity →Capacity Building →Chemicals & Waste → Environmental Crime <u>→Governance</u> →International Law →Ocean <u>→Seaports</u> →Water

On-going Projects

Twinning Program

 Capacity-building programs in Vietnam
 Build the compliance & enforcement capacity of Vietnam Ministry of Natural Resources and Environment (MONRE)

- Foster relationships with other regional national enforcement authorities

2019 INECE Conference

Edinburgh, Scotland
First conference since 2011, much smaller
INECE coordinates efforts for the conference: developing the conference agenda, fundraising, inviting participants, securing the venue, executing the event

Discussion Series

Webinar-based discussions led by experts
INECE publishes key insights & recordings
Past series: Performance Measurement for Environmental Compliance & Enforcement; aligning Compliance & Enforcement with Environmental & Social Impact Assessment

Discussion Forums

- Small groups of practitioners hold regular calls on a particular topic, provide an avenue for compliance & enforcement practitioners to seek practical advice

- First Forum: transboundary environmental crime: Govinda Terra, Brazil's IBAMA
